

# STAINLESS ADA PLUMBING SHIELDS

BY TRUEFORM CONCRETE

Designed to meet ADA requirements, Trueform Concrete's Stainless Steel Wall-Mounted Plumbing Shields offer a sleek, elegant look while neatly concealing unsightly plumbing and other related systems. They are easy to install, and even easier to remove – thanks to their keyhole design. Most importantly, their stainless steel construction means that they are not only hygienically superior to other materials but also inherently resistant to corrosion.

## ADA COMPLIANT

Complies with the 2010 Americans with Disabilities Act (ADA)

## MINIMAL MAINTENANCE

Corrosion resistant and easy to clean & maintain thanks to single-piece construction

## DURABLE STAINLESS CONSTRUCTION

Elegant brushed stainless steel finish (#4, 16-gauge)

## EASY ACCESS

Keyhole slot design that enables quick mounting and removal for access to plumbing

## FLEXIBLE CONFIGURATIONS

3 sizes available. Custom sizes upon request.

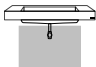

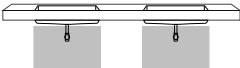

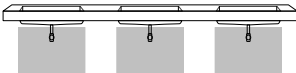

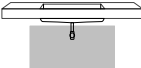

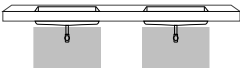

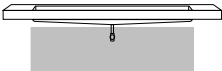

## LIGHTWEIGHT

(17"=10lbs / 27"=15lbs / 57"=20lbs)
