concrete

PRODUCT BROCHURE  
**CONCRETE SINKS & VANITIES**

**2023**

A worker in a Trueform Concrete factory is shown in profile, wearing a dark blue beanie with the 'Trueform concrete' logo, large black earmuffs, and a pink 3M 2091 respirator mask. They are wearing a dark grey t-shirt with 'TRUE FORM CONCRETE' printed on it and black arm sleeves. The worker is using a red and black angle grinder to grind a large, rectangular concrete piece. The background is a blurred industrial setting with metal structures and lights.

From the day that Trueform Concrete opened its doors in 2006, our mission has been to create architectural furnishings that serve, enlighten, and inspire you during your daily ritual. To do this requires skill, patience, and reflection. Only the finest whole materials are utilized in our solutions: Steel. Hard woods. And of course, our unique and refined concrete.

We take pride in everything that we do, which is why we hand-build every piece that carries our name. The moment you experience a Trueform Concrete product, you will recognize an heirloom quality that is the hallmark of our brand.

# ARCHITECT & DESIGNER RESOURCES

Beyond our suite of existing products, Trueform is dedicated to creating tools that enable our industry partners to better understand GFRC and which facilitate the process of having a concrete sink or vanity **built to your specifications.**

## TRADE LOYALTY PROGRAM

Trade affiliates (architects, designers, plumbing distributors, builders, and retail partners) are eligible to apply for a Trade Account. By opening a Trade Account, you can start receiving 20% discount immediately. We'll also send you a free concrete sample set.

## GUIDE SPEC FOR GFRC LAVATORIES

Our 3-part guide spec for GFRC Commercial Lavatories (23.42.16.13) encompasses our entire range of concrete sinks and washstands and follows the AIA format ensuring completeness and ease of use. It is the first and only GFRC spec in the category.

[DOWNLOAD GUIDE SPEC >](#)

## BIM FILES: COMMERCIAL LAVATORIES

Trueform has created Revit families based on our wall-mounted sinks and ZEN Washstands. These models are highly configurable, enabling Revit users to compose a manufacture-ready concrete sink that meets their exact specifications.

# COLORS & FINISHES

No material is quite like concrete. Artisanal and hand-worked, concrete presents a natural, aesthetic finish with slight gradations that elicit a feeling of depth and solidity that few other surfaces can achieve. Trueform Concrete's standard concrete color palette is displayed below. Subtle and muted, these 8 colors were selected to be compatible with myriad color schemes. Each color can be achieved in three distinct finishes.

## CLASSIC FINISH

### Standard (Base Price)

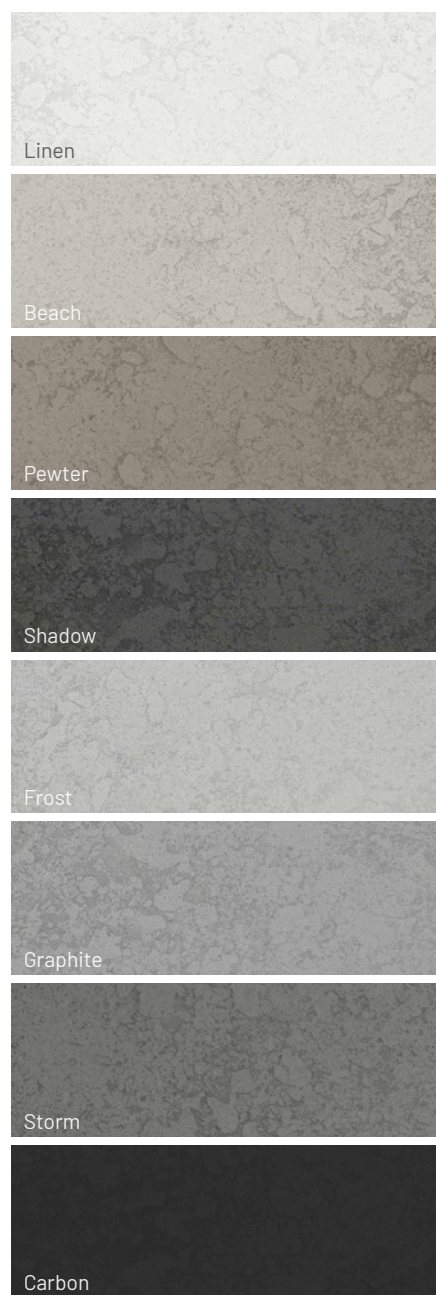

- Applies to entire sink (basin, countertop, and edges)
- Most popular & versatile choice
- Smooth & uniform appearance
- Entire surface is coated with topical sealer for optimum protection

## FOUNDRY FINISH

### Base Price + 10%

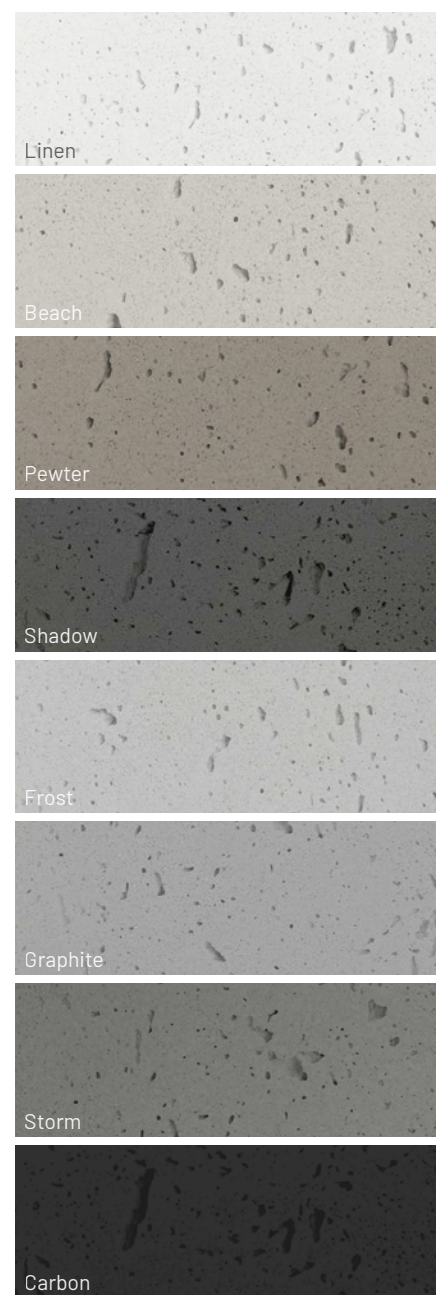

- Applies only to countertop & edges (sink basin will feature Classic finish)
- Naturally mottled look with random color variations between two similar tones
- Slight texture & hand-troweled feel
- Entire surface is coated with topical sealer for optimum protection

## INDUSTRIAL FINISH

### Base Price + 20%

- Applies to sink edges only (countertop and basin will feature Classic finish)
- Raw and untamed look - with visible hole and pores
- Entire surface is coated with topical sealer for optimum protection

# CUSTOM COLOR

When it comes to color, using concrete gives you the ultimate freedom and flexibility. If you're looking for something a little different, Trueform has extensive coloring capabilities and can color-match nearly any Benjamin-Moore color swatch.

# SPECIALTY FINISHES & TEXTURES

Whether you're interested in featuring a logo/brand mark, integrating words and/or copy, or rendering the surface to make it appear like another material altogether, the process and properties of concrete make it the ideal material for communicating something graphically.

Because all of our products start as liquid concrete, we have the ability to apply a variety of unique finishes to meet your aesthetic and functional goals. For example, concrete cast against a wooden plank will cure bearing the texture of that plank. In addition to casting techniques, concrete can also be modified after it has cured through either chemical (acid etching) or mechanical means. Contact Trueform at 888-474-7977 for more details.

Pictured below are just a few examples of effects and textures that we can create.

# RISE PEDESTAL SINKS

Elegant and monolithic, RISE is a free-standing concrete pedestal sink determined to completely transform your space. Its cylindrical shape highlights concrete's natural patina while elevating your interaction. RISE is suitable in powder rooms, master bathrooms and other wash stations and is available in either single-hole (deck-mounted) or wall-mount (O-hole) options.

## RISE-16: OVERVIEW

- Outer Dimensions: 16" Diameter x 35" Tall / ~110 lbs
- Basin Dimensions: 15" Diameter x 5.5" Deep
- Suitable for wall-mount faucets only
- Features a continuous flow grid drain in Polished Chrome (available in 3 other finishes)
- Choose from 8 concrete colors
- Rear features cutout to access plumbing
- Sink does not have overflow hole
- Concrete is roughly 1" thick throughout
- Not available in Foundry or Industrial Finishes
- Handcrafted in the US

CSA B45.8 / IAPMO Z403  
ASME A112.8.2 / CSA B125.2

**SKU: RISE-16**

**Price: \$3500**

## RISE-20: OVERVIEW

- Outer Dimensions: 20" Diameter x 35" Tall / ~150 lbs
- Basin Dimensions: 15" Diameter x 5.5" Deep
- Designed for one single-hole faucet / wall-mount application optional
- Features a continuous flow grid drain in Polished Chrome (available in 3 other finishes)
- Choose from 8 concrete colors
- Rear features cutout to access plumbing
- Sink does not have overflow hole
- Concrete is roughly 1" thick throughout
- Not available in Foundry or Industrial Finishes
- Handcrafted in the USA

CSA B45.8 / IAPMO Z403  
ASME A112.8.2 / CSA B125.2

**SKU: RISE-20**

**Price: \$3750**

# GROOV VESSEL / CLODAGH + TRUEFORM

The GROOV Vessel is a collaboration between Trueform Concrete and renowned designer CLODAGH. GROOV manages to go places that only traditionally-tooled stone can – and that's because the outer façade is cast against a hand-carved master. The result is a solid concrete piece with a subtle, vertical texture reminiscent of gently-raked sand or naturally-eroded stone. And each vessel further expresses the nuances and variations that are the hallmark of this versatile material. GROOV works with either counter-mounted or wall-mounted vessel faucets. It can be placed on wooden vanity tops, concrete shelves or pedestals. While ideal for residential bathrooms, the rear-loaded drain enables it to be ADA compliant when correctly installed in commercial environments.

## OVERVIEW

- Dimensions: 16" Round x 4" tall / 21 lbs
- Features a continuous flow grid drain
- Use with vessel faucets or wall-mount faucets
- Grid drain included in Polished Chrome / available in 3 other finishes
- Choose from 8 concrete colors
- Choose from 2 drain locations
- Sinks do not have overflow holes
- Handcrafted in the USA

SKU: CC-VES-GROOV

Price: \$650

CSA B45.8 / IAPMO Z403  
ASME A112.8.2 / CSA B125.2

ICC A117.1

This sink is ADA Compliant when installed per section 606 (Sinks and Lavatories) of the ADA Accessibility Guidelines

Concrete has a tremendous feeling of permanence, develops a patina, and is warmer to the touch than granite.

- Clodagh

# KURVE CONCRETE SINK

Kurve is our new arc-inspired concrete sink that aims to bring a refreshing geometric twist to your space. It also moves toward the eco-friendly realm - utilizing minimal material while still providing enough deck area to hold your necessities. Kurve is ADA compliant and UPC certified.

Kurve uses a unique surface-mounted support carrier (included) that enables you to affix the sink to either masonry or stud walls (with wood blocking).

## OVERVIEW

- Dimensions: 30" L x 17" W x 5" H / 45 lbs
- Features a continuous flow grid drain
- Grid drain included in Polished Chrome / available in 3 other finishes
- Choose from 8 concrete colors
- Support brackets are included
- Optional 4" backsplash in 2 shapes
- Overflow hole optional (please inquire)
- Handcrafted in the USA

SKU: FLO-30K-ADA

Price: \$1500

## FAUCET INFO

- Faucets are not included
- Choose faucet configuration:
  - No holes (for wall-mount faucet)
  - 1 single-hole or triple-hole faucet: spout centered on sink
- Triple hole faucet has 8" spread on levers
- Faucet hole diameter = 1 3/8"

## SOAP HOLE INFO

- Soap holes are optional and are drilled to a 1 3/8" diameter
- Soap holes are placed 5" to the left or right of faucet lever

CSA B45.8 / IAPMO Z403  
ASME A112.8.2 / CSA B125.2

ICC A117.1

This sink is ADA Compliant when installed per section 606 (Sinks and Lavatories) of the ADA Accessibility Guidelines

# ELLIPSA CONCRETE SINK

The Ellipsa line is a meditation on the future of concrete design in the lavatory space. Celebrating the softer side of concrete, this 24" wall-mounted sink displays gracefully-curved edges and a subtle, rounded basin. Whether employed in a residential powder room or a high-volume ADA/commercial restroom, the Ellipsa is sure to make a statement.

Each Ellipsa sink rests on a pair of our heavy-duty, engineered steel brackets (FSB-L-XS) designed to endure even the harshest environments.

## OVERVIEW

- Dimensions: 24" L x 18" W x 4" H / 50 lbs
- Features a continuous flow grid drain
- Grid drain included in Polished Chrome / available in 3 other finishes
- Choose from 8 concrete colors
- Overflow hole optional (please inquire)
- Support brackets included
- Optional 4" backsplash in 2 shapes
- Handcrafted in the USA

SKU: FLO-24E-ADA

Price: \$1250

## FAUCET INFO

- Faucets are not included
- Choose faucet configuration:
  - No holes (for wall-mount faucet)
  - 1 single-hole or triple-hole faucet: spout centered on sink
- Triple hole faucet has 8" spread on levers
- Faucet hole diameter = 1 3/8"

## SOAP HOLE INFO

- Soap holes are optional and are drilled to a 1 3/8" diameter

# TAHOE SINK

## WOODFORM CONCRETE® COLLECTION

With a rugged façade and a graceful interior, our Tahoe sink is concrete turned functional art. Each sink displays the aesthetic of natural wood while employing environmentally-conscious materials and fabrication. Originally cast from a single slab of carved wood, the Tahoe exquisitely captures the textures, cracks and nuances of rustic wood - which are further highlighted by our artisanal staining process. Hand-hewn edge details adorn the entire perimeter. This is all made possible with WoodForm Concrete® - a GFRG composite that replicates wood in look and feel. The basin effortlessly slopes from the countertop to meet a linear drain with a removable insert (available in 3 finishes). Each sink is handcrafted by skilled artisans in the US and is available in 8 finishes that are nearly indistinguishable from real wood.

### OVERVIEW

- Dimensions: 36" L x 22" W x 3" H / ~60 lbs
- Choose from 8 wood-like finishes
- Features a continuous flow slot drain
- Metal slot drain available in 3 finishes
- Support brackets are included
- Handcrafted in the USA

SKU: WFTAHOE3622

Price: \$1950

### FAUCET INFO

- Faucet is not included
- Choose faucet configuration:
  - No holes (for wall-mount faucet)
  - 1 single-hole or triple-hole faucet: spout centered on sink
- Triple hole faucet has 8" spread on levers
- Faucet hole diameter = 1 3/8"

### SOAP HOLE INFO

# WALL-MOUNT RAMP SINKS

60" ADA FLOATING CONCRETE RAMP SINK | "TAUPE" COLOR CONCRETE

## OVERVIEW

- Features a continuous flow slot drain
- Drain tailpiece included in Polished Chrome / available in 3 other finishes
- Choose from 8 concrete colors
- Three distinct finishes available
- Optional 4" backsplash in 2 shapes
- Support brackets are included
- Sinks do not have overflow holes / overflow holes are available upon request
- Handcrafted in the USA

## FAUCET HOLE INFO

- Faucets are not included
- Choose number of faucets per basin and faucet style: (wall-mount, single-hole, triple-hole)
  - No holes (for wall-mount faucet)
  - 1 single-hole or triple-hole faucet: spout centered on sink
  - 2 single-hole or triple-hole faucets:
    - spouts placed 30" apart (FLO-60V-ADA only)
    - spouts placed 36" apart (FLO-72V-ADA only)
- Triple hole faucet: 8" spread on levers
- Faucet hole diameter = 1 3/8"

## SOAP HOLE INFO

- Soap holes are optional and are drilled to a 1 3/8" diameter (FLO-20V-ADA and FLO-24V-ADA excluded)
- Soap holes are placed 5" to the left or right of faucet lever

# WALL-MOUNT RECTANGLE SINKS

60" ADA FLOATING CONCRETE RECTANGLE SINK | "GRAPHITE" COLOR CONCRETE

## OVERVIEW

- Features a continuous flow grid drain
- Grid drain and drain tailpiece included in Polished Chrome / available in 3 other finishes
- Choose from 8 concrete colors
- Three distinct finishes available
- Optional 4" backsplash in 2 shapes
- Support brackets are included
- Sinks do not have overflow holes / overflow holes are available upon request
- Handcrafted in the USA

## FAUCET HOLE INFO

- Faucets are not included
- Choose number of faucets per basin and faucet style: (wall-mount, single-hole, triple-hole)
  - No holes (for wall-mount faucet)
  - 1 single-hole or triple-hole faucet: spout centered on sink
  - 2 single-hole or triple-hole faucets:
    - spouts placed 30" apart (FLO-60N-ADA & FLO-72N-ADA only)
- Triple hole faucet: 8" spread on levers
- Faucet hole diameter = 1 3/8"

## SOAP HOLE INFO

- Soap holes are optional and are drilled to a 1 3/8" diameter
- Soap holes are placed 5" to the left or right of faucet lever

# WALL-MOUNT HALF-TROUGH SINKS

72" ADA FLOATING CONCRETE DOUBLE HALF-TROUGH SINK | "LINEN" COLOR CONCRETE

## OVERVIEW

- Features a continuous flow grid drain
- Grid drain and drain tailpiece included in Polished Chrome / available in 3 other finishes
- Choose from 8 concrete colors
- Three distinct finishes available
- Optional 4" backsplash in 2 shapes
- Support brackets are included
- Sinks do not have overflow holes / overflow holes are available upon request
- Handcrafted in the USA

## FAUCET HOLE INFO

- Faucets are not included
- Choose number of faucets per basin and faucet style: (wall-mount, single-hole, triple-hole)
  - No holes (for wall-mount faucet)
  - 1 single-hole or triple-hole faucet: spout centered on sink
- Triple hole faucet: 8" spread on levers
- Faucet hole diameter = 1 3/8"

## SOAP HOLE INFO

- Soap holes are optional and are drilled to a 1 3/8" diameter (FLO-24C-ADA excluded)
- Soap holes are placed 5" to the left or right of faucet lever

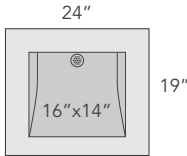

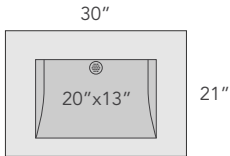

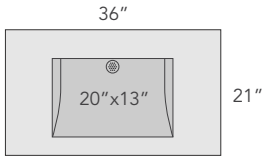

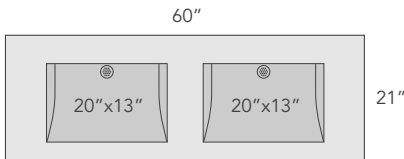

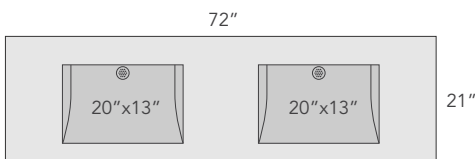

CSA B45.8 / IAPMO Z403  
ASME A112.8.2 / CSA B125.2

ICC A117.1

This sink is ADA Compliant when installed per section 606 (Sinks and Lavatories) of the ADA Accessibility Guidelines

# NOLITA VANITY

NOLITA 36" VANITY WITH CONCRETE RAMP SINK | "CHARCOAL" COLOR CONCRETE

## OVERVIEW

- Constructed of stainless steel powder-coated in a matte black finish
- Choose from 8 concrete colors
- Concrete top is 36" x 18" x 4" with a 3" deep basin. Choose from Ramp or Rectangle basins.
- Concrete top overhangs vanity base by 0.25" on left and right sides
- 6" matching concrete backsplash is optional
- Sinks do not have overflow holes / overflow holes are available upon request
- Drain tailpiece (Ramp sinks only) or grid drain (Rectangle and Half-Trough sinks) in Polished Chrome / available in 3 other finishes
- Optional 4" backsplash in 2 shapes
- Handcrafted in the USA

## FAUCET HOLE INFO

- Faucets are not included
- Choose number of faucets per basin and faucet style: (wall-mount, single-hole, triple-hole)
  - No holes (for wall-mount faucet)
  - 1 single-hole or triple-hole faucet: spout centered on sink
- Optional backsplash permits wall-mount faucets. Please contact a product rep. for more info (888.474.7977)
- Triple hole faucet: 8" spread on levers
- Faucet hole diameter = 1 3/8"

## SOAP HOLE INFO

- Soap holes are optional and are drilled to a 1 3/8" diameter
- Soap holes are placed 5" to the left or right of faucet lever

# LAVARE VANITY

36" LAVARE VANITY WITH CONCRETE RECTANGLE SINK | "FROST" COLORED CONCRETE & "GRAY MAPLE" BASE

## OVERVIEW

- Constructed of solid maple wood and available in 2 finishes
- Features 1 or 2 soft-close drawers (depending on vanity size)
- Choose from 8 concrete colors
- Choose from up to 3 sink basin shapes: Ramp, Rectangle, and Half-Trough
- Sinks do not have overflow holes / overflow holes are available upon request
- Concrete top overhangs vanity base by 0.25" on left, front and right sides
- Drain tailpiece (Ramp sinks only) or grid drain (Rectangle and Half-Trough sinks) in Polished Chrome / available in 3 other finishes
- Optional 4" backsplash in 2 shapes
- Handcrafted in the USA

## FAUCET INFO

- Faucets are not included
- Choose number of faucets per basin and faucet style: (wall-mount, single-hole, triple-hole)
  - No holes (for wall-mount faucet)
  - 1 single-hole or triple-hole faucet: spout centered on sink
  - 2 single-hole or triple-hole faucets: spouts placed 30" apart (LAVARE-60V-D only)
- Triple hole faucet: 8" spread on levers
- Faucet hole diameter = 1 3/8"

## SOAP HOLE INFO

- Soap holes are optional and are drilled to a 1 3/8" diameter (LAVARE-24V-D and LAVARE-24C-D excluded)
- Soap holes are placed 5" to the left or right of faucet lever

# OUTLAND VANITY

60" OUTLAND VANITY WITH CONCRETE RAMP SINK | "LINEN" COLORED CONCRETE

## OVERVIEW

- Base constructed of 1/4" welded plate steel
- Shelf is solid, 2" thick rough-sawn wood in a "Weathered Gray" finish
- Choose from 8 concrete colors - each in 3 distinct finishes
- Choose from up to 3 sink basin shapes: Ramp, Rectangle, and Half-Trough
- Sinks do not have overflow holes / overflow holes are available upon request
- Concrete top overhangs vanity base by 0.25" on left, front and right sides
- Drain tailpiece (Ramp sinks only) or grid drain (Rectangle and Half-Trough sinks) in Polished Chrome / available in 3 other finishes
- Optional 4" backsplash in 2 shapes
- Handcrafted in the USA

## FAUCET INFO

- Faucets are not included
- Choose number of faucets per basin and faucet style: (wall-mount, single-hole, triple-hole)
  - No holes (for wall-mount faucet)
  - 1 single-hole or triple-hole faucet: spout centered on sink
  - 2 single-hole or triple-hole faucets: spouts placed 30" apart (OUTLAND-60V only)
- Triple hole faucet: 8" spread on levers
- Faucet hole diameter = 1 3/8"

## SOAP HOLE INFO

- Soap holes are optional and are drilled to a 1 3/8" diameter (OUTLAND-24V and OUTLAND-24C excluded)
- Soap holes are placed 5" to the left or right of faucet lever

# INDUSTRIAL VANITY

60" INDUSTRIAL VANITY WITH CONCRETE RECTANGLE SINK | "FROST" COLOR CONCRETE AND "PAINTED BLACK" BASE

## OVERVIEW

- Choose from 2 steel base finishes: Painted Black and Brushed Stainless:
  - Painted Black: 3.5" x 3.5" tube steel
  - Brushed Stainless: 4" x 4" tube steel
- Choose from 8 concrete colors, each in 3 distinct finishes
- Choose from up to 3 sink basin shapes: Ramp, Rectangle, and Half-Trough
- Sinks do not have overflow holes / overflow holes are available upon request
- Concrete top overhangs vanity base by 0.25" on left, front and right sides
- Drain tailpiece (Ramp sinks only) or grid drain (Rectangle and Half-Trough sinks) in Polished Chrome / available in 3 other finishes
- Optional 4" backsplash in 2 shapes
- Handcrafted in the USA

## FAUCET INFO

- Faucets are not included
- Choose number of faucets per basin and faucet style: (wall-mount, single-hole, triple-hole)
  - No holes (for wall-mount faucet)
  - 1 single-hole or triple-hole faucet: spout centered on sink
  - 2 single-hole or triple-hole faucets: spouts placed 30" apart (IND-60V only)
- Triple hole faucet: 8" spread on levers
- Faucet hole diameter = 1 3/8"

## SOAP HOLE INFO

- Soap holes are optional and are drilled to a 1 3/8" diameter (IND-24V and IND-24C excluded)
- Soap holes are placed 5" to the left or right of faucet lever

## BASE FINISHES

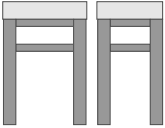

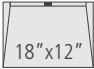

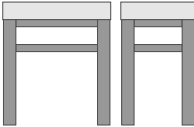

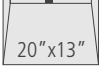

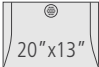

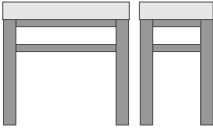

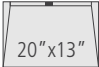

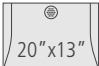

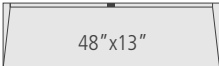

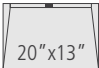

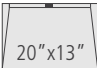

PAINTED BLACK

BRUSHED STAINLESS

CSA B45.8 / IAPMO Z403  
ASME A112.8.2 / CSA B125.2  
(Excluding Half-Trough Sinks)

# CONTEMPO VANITY

40" CONTEMPO VANITY WITH CONCRETE RAMP SINK | "LINEN" CONCRETE COLOR AND "PAINTED BLACK" BASE

## OVERVIEW

- Base is fabricated from welded 1/4" plate steel
- Choose from 2 steel base finishes: Painted Black and Brushed Stainless
- Choose from 8 concrete colors, each in 3 distinct finishes
- Optional backsplash
- Sinks do not have overflow holes / overflow holes are available upon request
- Concrete top overhangs vanity base by 0.25" on left, front and right sides
- Drain tailpiece (Ramp sinks only) or grid drain (Rectangle and Half-Trough sinks) in Polished Chrome / available in 3 other finishes
- Optional 4" backsplash in 2 shapes
- Handcrafted in the USA
- All models except CONTEMPO-24V are ADA-Compliant

## FAUCET INFO

- Faucets are not included
- Choose number of faucets per basin and faucet style: (wall-mount, single-hole, triple-hole)
  - No holes (for wall-mount faucet)
  - 1 single-hole or triple-hole faucet: spout centered on sink
  - 2 single-hole or triple-hole faucets: spouts placed 30" apart (CONTEMPO-62V only)
- Triple hole faucet: 8" spread on levers
- Faucet hole diameter = 1 3/8"

## SOAP HOLE INFO

- Soap holes are optional and are drilled to a 1 3/8" diameter (CONTEMPO-24V excluded)
- Soap holes are placed 5" to the left or right of faucet lever

## BASE FINISHES

# ZEN ADA COMMERCIAL WASHSTANDS

ZEN 4-STATION CONCRETE COMMERCIAL WASHSTAND | "LINEN" COLOR

## OVERVIEW

- Sturdy, free-standing welded-steel base is easily secured to the wall with toggle bolts
- Legs constructed of 3.5" tube steel with built-in levelers to accommodate uneven floors
- Optional, 3.25" x 1.25" under-mounted hooks for hanging bags or purses
- Only available with Ramp-shaped sink basins
- Choose from 8 concrete colors, each in 3 distinct finishes
- Optional backsplash
- Sinks do not have overflow holes / overflow holes are available upon request
- Concrete top overhangs vanity base by 0.25" on left, front and right sides
- 1 1/2" Drain tailpiece included in Polished Chrome / available in 3 other finishes
- Handcrafted in the USA

## FAUCET INFO

- Faucets are not included
- Choose number of faucets per basin and faucet style:
  - Please see technical specifications at <http://www.trueformconcrete.com/product-spec-sheets/> for more information about faucet placement
- Faucet hole diameter = 1 3/8"

## SOAP HOLE INFO

- Soap holes are optional and are drilled to a 1 3/8" diameter
- Soap holes are placed 5" to the left or right of faucet lever

## BASE FINISH

**SKU: DT-MB**

Matte Black

Price: + \$50

## FAUCET HOLES

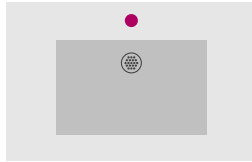

Faucet holes are optional, and the same principles apply to both wall-mount sinks and vanities. Standard faucet configurations are provided below, while custom hole configurations are available upon request.

No hole (wall-mount faucet)

or

1-hole Faucet\*

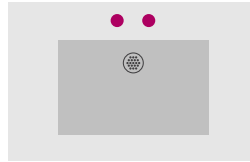

- Hole diameter: 1 3/8"
- Faucet centered with basin
- Distance from back of sink basin: 2 1/4"

**Standard (no charge)**

**Standard (no charge)**

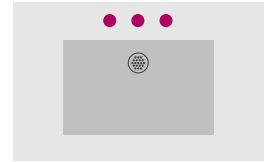

2-hole Faucet\*

- Hole diameter: 1 3/8" ea.
- Total hole spread: 4"
- Faucet centered with basin
- Distance from back of sink basin: 2 1/4"

**Standard (no charge)**

3-hole Faucet\*

- Hole diameter: 1 3/8" ea.
- Total hole spread: 8"
- Faucet centered with basin
- Distance from back of sink basin: 2 1/4"

**Standard (no charge)**

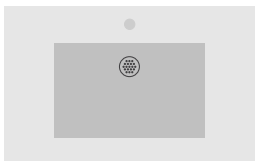

*\*These are typical configurations. Other configurations also applicable (e.g. 4-basin sinks, side-mounted faucets, etc.).*

*\*\*Price is per unit; i.e. \$30 is the total cost for drilling all faucet holes on a given unit, whether it is a single or multi-basin model.*

## SOAP HOLES

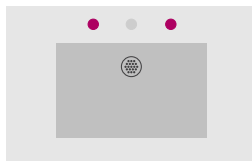

Soap holes are optional for sinks or vanities larger than 24" and may be included on sinks whether faucets are deck-mounted or wall-mounted. Standard\* soap hole scenarios are provided below, while custom hole configurations are available upon request.

No Soap Hole

**Standard (no charge)**

For 1-hole faucets

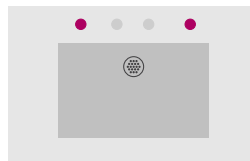

- Hole diameter: 1 3/8"
- Hole 5" to R or L of spout
- Distance from back of sink basin: 2 1/4"

**Standard (no charge)**

or

For 2-hole faucets

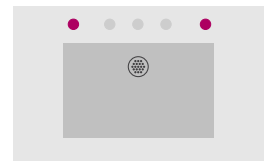

- Hole diameter: 1 3/8"
- Hole 5" to R or L of handle
- Distance from back of sink basin: 2 1/4"

**Standard (no charge)**

or

For 3-hole faucets

- Hole diameter: 1 3/8"
- Hole 5" to R or L of handle
- Distance from back of sink basin: 2 1/4"

**Standard (no charge)**

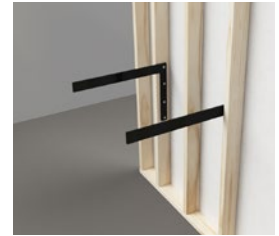

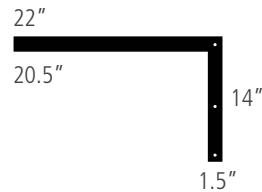

## WALL-MOUNT SINK SUPPORT BRACKETS

Trueform's floating (wall-mounted) sinks are designed to rest on our unique Sink Support Brackets. Fabricated from solid steel, Trueform brackets are extraordinarily strong and durable and are available in our painted black finish.

### Wall-Mounted Floating Sink L-Bracket, Extra Large

**SKU: FSB-L-XL Price: \$95**

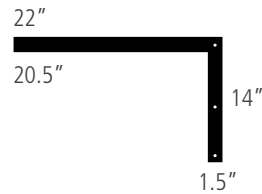

- Engineered for our floating sinks 60" - 72" wide
- Mounts to wood studs (lag screws) or steel studs (through bolts)
- Size: 22" x 14" (with 20.5" projection\*)
- 4 lag holes on the 14" side
- Steel Thickness: 0.3125"

### Wall-Mounted Floating Sink L-Bracket, Large

**SKU: FSB-L Price: \$85**

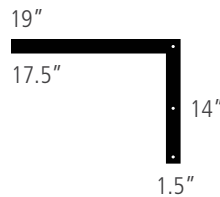

- Engineered for our floating sinks 24" - 40" wide
- Mounts to wood studs (lag screws) or steel studs (through bolts)
- Size: 22" x 14" (with 20.5" projection\*)
- 3 lag holes on the 14" side
- Steel Thickness: 0.25"

### Wall-Mounted Floating Sink L-Bracket, Small

**SKU: FSB-L-S Price: \$85**

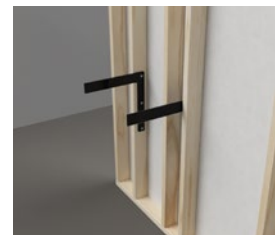

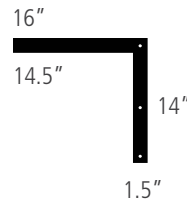

- Engineered for our 20" ADA Floating Ramp Sink
- Mounts to wood studs (lag screws) or steel studs (through bolts)
- Size: 19" x 14" (with 17.5" projection\*)
- 3 lag holes on the 14" side
- Steel Thickness: 0.25"

### Wall-Mounted Floating Sink L-Bracket, Extra Small

**SKU: FSB-L-XS Price: \$85**

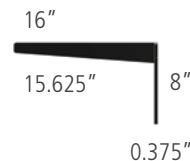

- Engineered for our 20" Floating Contempo Ramp Sink
- Mounts to wood studs (lag screws) or steel studs (through bolts)
- Size: 16" x 14" (with 14.5" projection\*)
- 3 lag holes on the 14" side
- Steel Thickness: 0.25"

### Wall-Mounted Floating Sink L-Bracket, CMU

**SKU: FSB-L-CMU Price: \$100**

- Engineered for our floating sinks 40" - 72" wide
- Mounts to hollow or grout-filled CMU block or Wood block
- Size: 16" x 8" (with 15.625" projection\*)
- 3 holes for epoxy anchoring system
- Steel Thickness: 0.375"

\*The "projection" length can be cut down to a specific size if required. Brackets must be cut prior to mounting them.

## ADA PLUMBING SHIELDS

The Trueform Wall-Mount Plumbing Shield is designed to be compact, stylish, and easy to maintain. Fabricated from stainless steel, Trueform's Plumbing Shields will endure the harsh challenges associated with commercial lavatories. This design is lightweight, simple to install and remove, and meets ADA guidelines when installed properly.

17" Stainless Sink Shroud

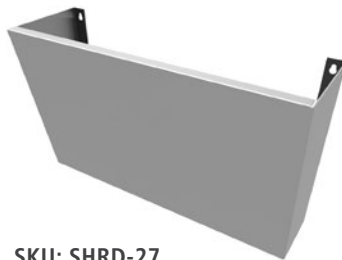

**SKU: SHRD-17**

**Price: \$175**  
(free shipping)

Recommended for the following sinks:

- FLO-24C-ADA
- FLO-24E-ADA
- FLO-24V-ADA
- FLO-24V-CONTEMPO
- FLO-60C-DBL-ADA (2 pcs)
- FLO-60V-DBL-ADA (2 pcs)
- FLO-60V-DBL-CONTEMPO (2 pcs)
- FLO-72C-DBL-ADA (2 pcs)
- FLO-72V-DBL-ADA (2 pcs)
- FLO-72V-DBL-CONTEMPO (2 pcs)
- FLO-90V-TPL-CONTEMPO (3 pcs)

27" Stainless Sink Shroud

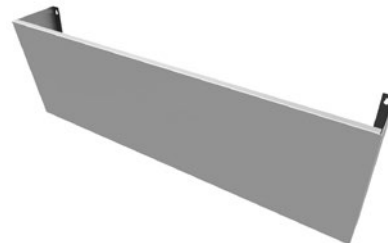

**SKU: SHRD-27**

**Price: \$200**  
(free shipping)

Recommended for the following sinks:

- FLO-30C-ADA
- FLO-30V-ADA
- FLO-30V-CONTEMPO
- FLO-30V-W-ADA
- FLO-36C-ADA
- FLO-36V-ADA
- FLO-40V-CONTEMPO

57" Stainless Sink Shroud

**SKU: SHRD-57**

**Price: \$305**  
(Shipping is \$175 alone / free with sink)

Recommended for the following sinks:

- FLO-60V-ADA
- FLO-60V-CONTEMPO
- FLO-72V-ADA
- FLO-72V-CONTEMPO

## CONCRETE BACKSPLASHES

A concrete backsplash can help bring a sense of unity and cohesion to your bathroom space – whether commercial or residential. Our optional backsplashes are 4" tall and in lengths to pair with all of our wall-mount sinks and vanities. Choose either squared or rounded corners. Each is available in all of our colors and finishes.

As our sinks have a 1/8" radius on the left and right edges, each backsplash is built 1/4" shorter than the total counter length in order to meet at the top of the radius.

### ROUNDED

HEIGHT: 4"  
RADIUS: 2"

### SQUARED

HEIGHT: 4"  
RADIUS: 0.125"

## SINK OVERFLOW KIT

Designed to accommodate a 7-gallon/minute flow rate, Trueform's Sink Overflow Kit can be adapted to fit all of our concrete sinks and is an effective preventative measure for overflow. The kit features a 1 1/4" grid drain tail-piece connection. To harmonize with your hardware, the slip joint and circular overflow port are available in 3 finishes.

## WARRANTIES, LIMITATIONS OF LIABILITY AND EXCLUSIVE REMEDIES

TRUEFORM warrants for a period of one (1) year from the date of delivery that its Products shall perform in a good and workmanlike manner in accordance with applicable standards; comply with any applicable laws, rules or regulations; and not violate or infringe upon any presently issued patent or copyright of any third party. This warranty does not include or cover 1) hairline cracks in the concrete, 2) damage caused during installation or due to incorrect installation, 3) damage caused by incorrect cleaning or care, 4) damage caused by incorrect use, 5) damage caused by acts of abuse to the products such as scratches, chips, stains, or other markings/damage, or 6) damage caused by drilling into or attempting to alter the product from the way in which it was received.

THE FOREGOING WARRANTIES ARE TRUEFORM'S ONLY WARRANTIES CONCERNING THE PRODUCTS, AND ARE MADE FOR THE BENEFIT OF THE CUSTOMER ONLY AND ARE IN LIEU OF ALL OTHER WARRANTIES OR REPRESENTATIONS, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE OR OTHERWISE.

TRUEFORM's sole responsibility is limited to the repair or replacement, at its own expense, of any non-conforming TRUEFORM Products discovered by the Customer and reported to TRUEFORM within seven (7) days from the date of delivery.

TRUEFORM SHALL HAVE NO LIABILITY OR OTHER RESPONSIBILITY TO THE CUSTOMER OR ANY THIRD PARTY WITH RESPECT TO ANY LIABILITY, LOSS OR DAMAGE ALLEGEDLY CAUSED DIRECTLY OR INDIRECTLY BY OUR PRODUCTS AND SERVICES AND THE USE OF THIS MANUAL, INCLUDING, BUT NOT LIMITED TO, ANY INTERRUPTION OF SERVICE, LOSS OF BUSINESS, ANTICIPATORY PROFITS, OR INDIRECT, SPECIAL OR CONSEQUENTIAL DAMAGES.

The material in this manual is for informational purposes only. The products it describes are subject to change without prior notice, due to the manufacturer's continuous development program.

---

## PRODUCT CARE & USE

For optimum protection, we have applied 3 coats of our state-of-the-art topical sealer to your product. This will enhance the concrete's color while resisting just about any typical/expected "stain threat". Proper maintenance will ensure that your concrete looks and performs well for years to come. Here are some simple guidelines:

- General cleaning is best done using a cloth soaked in some warm water with mild dish soap of neutral pH. We also recommend natural cleaning products from *Better Life*.
- For removing heavier grease, *Simple Green* is a trusted formula that is non-abrasive and has a mild alkaline pH. Applying Pledge routinely can fill in hairline scratches and give your pieces a nice sheen.
- Although our sealer is able to withstand harsh liquids & chemicals, it's still a good idea to clean these liquid from the surface. This includes highly acidic liquids (lemon juice, mustard, vinegar, wine, soda, citric acid, tomatoes) and other harsh chemicals or solvents (perfumes, ammonia, acetone, hydrogen peroxide, etc.).

---

## QUESTIONS & FEEDBACK

If you have any questions or if there is anything we can do to improve your experience, please let us know. We'd be happy to hear your feedback.

A team of artists, designers, and craftsmen, Trueform Concrete is a leader in the fabrication of bespoke concrete-based architectural furnishings for both residential and commercial applications. In addition to offering a diverse array of elegant concrete sinks, tables, and other products, our expertise in custom and build-to-spec projects has established us as a choice partner among designers and architects throughout the country.

All of Trueform's concrete solutions are hand-fabricated here in the U.S.A. using a proprietary combination of industry-leading materials and processes.

For more information on our standard products, or to discuss how we can help bring your custom project to life, please visit [Trueformconcrete.com](https://Trueformconcrete.com) or call us at 1.888.474.7977.
